Anthelio Healthcare Solutions, the largest independent provider of technology and services to hospitals, physician practice groups and other healthcare providers, today announced the appointment of Kevin A. Schulman, M.D., M.B.A., to the Board of Directors of Anthelio Healthcare Solutions, Inc. Dr. Schulman's unique combination of clinical and research expertise, informatics knowledge and strong healthcare business background will be invaluable to Anthelio as the company continues its tradition of providing cutting-edge technology solutions and services to help healthcare providers successfully navigate today's ever-changing healthcare landscape.

"I am excited to have Dr. Schulman join our board," said Asif Ahmad, CEO, Anthelio Healthcare Solutions. "His hands on experience in clinical research, informatics, and business management perfectly align with Anthelio's strategy of developing innovative solutions to address the complex clinical and business challenges facing the healthcare industry today," he concluded.

Dr. Schulman has over 25 years of experience in the healthcare field and is a recognized expert in healthcare economics, informatics and clinical research and operations. With the science of informatics becoming increasingly important in healthcare, Dr. Schulman's expertise in the field will help Anthelio define and develop new, innovative approaches to solve some of the biggest challenges healthcare providers face today.

An Internal Medicine physician, Dr. Schulman's career spans decades of teaching, research and clinical responsibilities. He currently is an Associate Director of the Duke Clinical Research Institute, Duke University School of Medicine. He also serves on the Executive Committee of the Duke Global Health Institute. For over a decade, he served as the Director of Duke's Health Sector Management Program at the Fuqua School of Business, Duke University. Throughout his career, Dr. Schulman has served on scores of panels and advisory boards, and he has authored and lectured extensively on all aspects of clinical operations and research, clinical informatics, as well as healthcare economics. Dr. Schulman received his M.D. from the New York University School of Medicine. He also has a M.B.A. with a concentration in healthcare management from The Wharton School of the University of Pennsylvania. His undergraduate degree is from Dartmouth College.

"These are very challenging times for healthcare providers," said Dr. Schulman. "I look forward to working with Anthelio to serve the healthcare community with products and services that help them retain financial performance while servicing their vital clinical mission of providing high quality care to the patients they serve," he noted.

About Anthelio

Anthelio® is a driving force in the healthcare industry and is the largest independent provider of healthcare technology solutions to hospitals, physician practice groups and other healthcare providers. By provisioning hospitals in over 450 counties across the US with innovative solutions in the areas of IT, EHR, HIM, Patient Engagement, Enterprise Interoperability (EI) and Healthcare Analytics & Informatics (HAI) services, Anthelio impacts quality care to over six million patients.
