

# Coding Compliance Insight

The coding compliance insight module is a user-centered application designed to support your coding audit needs

## Key Features:

- Interface tool designed for ease of use
- Real time synchronization with all coding systems
- Secure web-based application that can be securely connected from virtually any PC/mobile device
- Customized reporting to enhance coder education
- Timely feedback to coders and clients on coding performance
- Provides role-based security
- Compliant with OWASP top 10 security risks
- HIPAA compliant
- Offered as a SaaS capability
- Built on a .NET framework 4.0 using Microsoft's SQL Server Database

## Suite of Analytical Applications

Anthelio's suite of analytical applications includes the most effective interoperability platform, patient engagement framework, clinical portal solutions, physician documentation, clinical collaboration and analytics reporting to benefit the delivery of patient care.

**Clinical Documentation Improvement (CDI):** Physician documentation feedback solution designed to educate and help providers through the coding process.

**Revenue Cycle Optimization (RCO):** Consolidates financial and patient data from various financial systems to provide visibility and insights into the organization's account receivables.

**Coding Compliance Insight (CCI):** User-centered application focused on coding accuracy of reimbursement, compliance and overall coding quality.

## Anthelio Healthcare Solutions

Anthelio is the largest independent provider of healthcare technology solutions in the market. We offer solutions across the spectrum of care, providing customers the ability to solve their critical technology needs from a single source while delivering cost savings and efficiencies. Our end-to-end solutions include IT infrastructure services, IT applications management, EHR optimization, Patient Engagement, Analytics, and Revenue Cycle Management (RCM) including HIM Services, Patient Financial Services and Cancer Registry Services. Anthelio drives sustainable value to over 63,000 physicians and nurses in hundreds of healthcare organizations supporting their annual revenue of over \$67 billion and impacting quality care to over 60 million patients.
