

Anthelio Healthcare Solutions Announces Contract Renewal with Saint Mary's Health System of Waterbury, Connecticut

Anthelio's cutting-edge technology solutions will support delivery of quality care throughout Saint Mary's network of facilities

Dallas, Texas, February 04, 2015 --(BUSINESS WIRE)--Anthelio Healthcare Solutions, the largest independent provider of technology and services to hospitals, physician practice groups and other healthcare providers, today announced that Saint Mary's Health System of Waterbury, Connecticut, has renewed its contract with Anthelio for comprehensive information technology products and services. Anthelio has provided technology support to Saint Mary's for the past two years. A leading regional healthcare provider, Saint Mary's satellites and affiliates offer a wide range of state-of-the-art care and services to the Greater Waterbury area and surrounding communities.

"We are pleased to be continuing our partnership with Anthelio Healthcare Solutions," said Michael Novak, VP of Operations, Ancillary Care and CIO at Saint Mary's Hospital. "They have demonstrated exceptional expertise and reliability with regards to our technology needs, which are essential to providing excellent care to our patients and to our organization."

Anthelio will provide a comprehensive suite of leading-edge information technology services and products to Saint Mary's, including remote managed hosting, connectivity and integration services, help desk support, and IT professional services. Additionally, Anthelio will provide Saint Mary's with their acclaimed Patient Information Exchange (PIE) clinical portal, an innovative single source solution for storing, accessing and aggregating patient data. The industry-leading product will help Saint Mary's meet the growing need to efficiently share information across their entire healthcare enterprise as well as with community physician practices

"Saint Mary's Health System is a progressive healthcare leader that recognizes the value of technology and the important role it can play in the delivery of safe, efficient, high-quality care," said Asif Ahmad, CEO, Anthelio Healthcare Solutions. "Our relationship will enable them to concentrate on what they do best—deliver quality care—while we manage their complex technology issues. Our solutions will support and empower Saint Mary to continue their 100 year tradition of delivering excellent care to patients throughout the Greater Waterbury region," he concluded.

"As a co-founder of Anthelio, it is rewarding to return to the company and see the dramatic progress that has occurred," said Chick Young. "I look forward to contributing my expertise and ideas to help ensure Anthelio's ongoing success as the leader in healthcare technology solutions," he noted.

Saint Mary's Health System is anchored by Saint Mary's Hospital, an acute care community teaching hospital that has served the Greater Waterbury area for more than 100 years. Licensed for 347 beds, Saint Mary's is designated as a Level II Trauma Center and Primary Stroke Center. It offers award-winning cardiac care and houses the region's only pediatric emergency care unit. As the leading provider of surgical services in Greater Waterbury, Saint Mary's was the first to introduce the daVinci® Robotic Surgery System. The health system's satellites and affiliates extend from Waterbury to Wolcott, Naugatuck, Southbury, Prospect and Watertown.
